Gamma delle Finiture

PUNTOTRE

Gamma delle finiture disponibili

L'ampia disponibilità di finiture che offriamo nella nostra gamma di prodotto, permette un grado di personalizzazione "sartoriale", in grado di assecondare le più disparate esigenze della Clientela.
Rimandando alla consultazione del listino di ogni singolo modello, le specifiche tecniche di ogni tipologia di finitura, ricordiamo che **NON TUTTE LE FINITURE SONO DISPONIBILI IN OGNI MODELLO.**
In tal senso, suggeriamo la visione dello schema sottostante.

The wide range of finishes that we offer in our product range, allows a degree of "tailoring" customization, able to accommodate the disparate needs of customers.
Referring to the consultation of the pricelist of each model, the technical specifications of each type of finish, remember that ***NOT ALL FINISHES ARE AVAILABLE IN ANY MODEL.***
In this sense, we suggest viewing the underlying schema.

Finiture non standard

Per le sole finiture LACCATE, è disponibile l'intera gamma colore RAL, con le seguenti specifiche:
MAGGIORAZIONE: 20% (Non calcolata su mobili più grandi di 95cm)
TEMPI DI CONSEGNA: Maggiorati di 10gg dai tempi normali.
COLORI PERLATI - METALLIZZATI: Maggiorazione 20% SEMPRE
NOTA: Trattandosi di una lavorazione che esula dallo standard, non si accettano contestazioni sulla risultante del tono finale.

Only for lacquer finishes, you have the full RAL range, with the following specifications:
INCREASE: *20% (calculated on furniture not larger than 95cm)*
DELIVERY: *10 days plus the normal times.*
PEARL - METALLIC: *Increase 20% ALWAYS*
NOTE: *Since this is a process that is beyond the standard does not accept claims on the final resulting tone.*

NOTA IMPORTANTE
I campioni rappresentati, hanno valore indicativo. Diversi fattori possono incidere sulla diversità del prodotto finale: partite di colore, ossidazione, lo stesso colore del bagno o dei suoi tendaggi, influiscono sul tono risultante delle colorazioni.

IMPORTANT NOTICE
Shown samples are indicative. Several factors can affect the diversity of the final product: lots of color, oxidation, the color of the bathroom or its curtains, affect the resulting tone of the colors.
